

# BIZARRE LOVE TRIANGLE

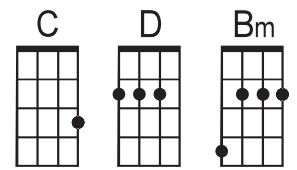

New Order **YOUTUBE**

(C) Every time I (D) think of you

I get a (Bm) shot right through into a (C) bolt of blue

It's no problem of mine but it's a (D) problem I find

(Bm) Living a life that I (C) can't leave behind

(C) There's no sense in (D) telling me

The (Bm) wisdom of a fool won't (C) set you free

But that's the (C) way that it goes and it's what (D) nobody knows

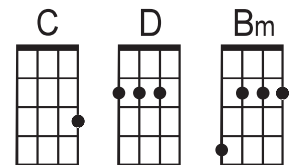

And (Bm) every day my con (C) fusion grows

**CHORUS:** (C) Every time I (D) see you falling

I (Bm) get down on my (C) knees and pray

I'm (C) waiting for that (D) final moment

You (Bm) say the words that (C) I can't say

(C) I feel fine and (D) I feel good

I (Bm) feel like I (C) never should

Whenever I get this way I just don't (D) know what to say

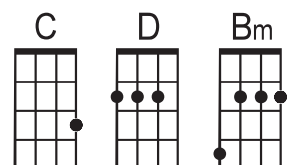

(Bm) Why can't we be ourselves like we were (C) yesterday

(C) I'm not sure what (D) this could mean

I (Bm) don't think you're (C) what you seem

I do admit to myself that if I (D) hurt someone else

(Bm) Then I'd never see just what we're (C) meant to be

**CHORUS:** (C) Every time I (D) see you falling

I (Bm) get down on my (C) knees and pray

I'm (C) waiting for that (D) final moment

You (Bm) say the words that (C) I can't say

**Repeat end on C**
