

HEART GOING Mae Wilde

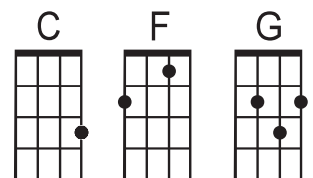

YOUTUBE

(C) Red wine makes your teeth black
And that Cocaine makes you talk back
If your organs kick back
Keep your (G) heart going for me

(C) I know I've tried to change you
I never would exchange you
That may seem strange to you
Keep your (G) heart going for me

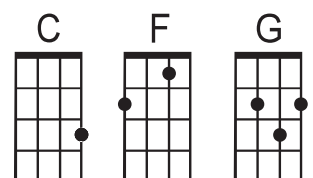

And keep your (F) heart
keep it (C) going keep it
(G) going for me

Keep your (F) heart (C) going for me (G)|(G)|(G)|(G)

I'll (C) dance and sing beside you
Ask the moon to guide you
Tell only white lies to you
Keep your (G) heart going for me

(C) If the world it wounds you
Flays the skin right off you well
Know that I will soothe you
Keep your (G) heart going for me

And keep your (F) heart
keep it (C) going keep it
(G) going for me

Keep your (F) heart (C) going for me (G) | (G) | (G) | (G)
